Access To Grant Funding For Your Projects

by Boomy Tokan

Despite all attractiveness of grant-funding many don't even enter this battle, as there is a common opinion that grants are the most challenging funding option due to its competitiveness.

The good news is that this myth is so popular that puts off many potential applicants. As a result there are more under-utilised grants that you can even possibly think.

.....

The Partnership

Introduction

We are looking to partner with individuals who are aware of persons and organisation who can benefit from obtaining Grant Funding. Such people will be those who have a new or on going project that can benefit their communities.

What is Grant Funding

Grants funding is money you do not need to pay back. It is allocated to individuals upon a successful application process. Grants are designed for the benefit of the community and range from £5,000 to upwards of £1,000,000.

How the Partnership Will Work

Our Role:

Our commitment is to deliver to all participants a course that empowers them to be able to make applications for Grant Funding after attending the workshop (See Workshop Outline)

The workshop will be accompanied with handouts and online materials.

Your Role:

- Promoting the workshop to your Church, friends, businesses and organisations within your network
- Have at least 15 to 20 minimum delegates attending and paying a fee of between £30-£60 per person.

Benefits To You:

- **We will write a funding application for you - FREE.** (*This means **you will not** need to pay the initial fee of £699 that accompanies our package. You will only pay 10% of the money received*)
- Positioning yourself as a credible resource centre
- The Workshop is an opportunity for outreach to the community/clients/customers
- You receive the satisfaction of helping other people fulfil their dream whilst changing communities!

Venue:

If you have a location we can use all the better otherwise the venue cost will be reflected in the price!

Date & Time:

The date of the workshop is jointly determined. We will choose the most suitable time for the attendees as well as for us.

Duration:

The workshop can be delivered in 3-4 hours depending on the number of attendees.

Other Follow On Courses/Services We Offer Include:

- **Grants for Buildings** - Workshop and Application services
- **“Done For You Service”** - This package includes setting up a non-for-profit business structure, conceptualizing your idea, setting objectives, sourcing funding opportunities and writing a complete application.
- **Masterclass "Write Your Own Application"** - In this full day, packed program, we complete an actual application that can be sent to a funder the next day. You Walk Away With A Completed Grant Application In Your Hand!
- **Start Your Own Business** Workshops

Workshop Content

Do you have a project or idea you are passionate about? Do you want Grant funding?

You don't have to repay the money or interest nor lose equity – you keep the funds!

Despite all the attractiveness of grant-funding many don't even enter this battle, as there is a common opinion that grants are the most challenging funding option due to its competitiveness. The good news that this myth is so popular that puts off many potential applicants. As a result there are more under-utilised grants that you can even possibly think.

This workshop will help you to

1. Find out about available UK grants
2. Understand the necessary requirements, so your application can stand out from others.
3. You will learn about main legal aspects crucial for grant-funding, and most importantly will get clarity on how to implement grants into your funding strategy, to ensure you can get more funding when needed!

At this unique event you'll be able to learn:

- **What are your chances of getting a Grant?**
- **How to build a strategy and prepare your funding portfolio**
- **What are the available Grant options in the UK**
- **How to get your company more grant funding**

- **Standard Requirements**
- **Common myths**

By the end of this meeting you will:

- Obtain practical skills and knowledge;
- Discover various grant schemes;
- Understand which option fits you best;
